CLEMSON IN TRANSITION

Yes, it was a great year. Do you remember when you first heard the word this summer that the military had been abolished at Clemson and we would now be a civilian school? Do you remember your first thoughts when you digested this horrifying bit of information? Who would get you up in the mornings? No longer would a bleary-eyed "Rat" with the shaved head come around in the wee hours of the morn to bounce you on the floor. Who would be your maid and clean up the room, hang up clothes, carry laundry, shine shoes? How would you know it was time for meals? The cry of "Lets go A company" would no longer echo down the halls to seek you out and demand your attention at a formation. What would you wear for clothes? The grey unfiorm would be gone and what would take its place? What about the coeds? Would there be more or would last year's small trickle diminish? You came back with panic in your heart and a smile on your face. What the future would bring was not yet established, but they still called it Clemson and that was where you belonged. Do you remember how it was hard to become accustomed to walking casually to meals those first few weeks? It was different but now it is hard to remember the drilling companies moving across the quadrangles to the dining hall. Do you remember when girls infiltrated this man's domain as they came to class, talked in the canteen, played cards in the lounge? Seems natural now, doesn't it. Do you remember the discussions about Ivy League fashions and the do's and dont's of good dress? Now it seems normal to see the three buttoned coats and Ivy accessories. The student government came back, still a little wet behind the ears but eager to do their part to promote Clemson's new look. Campus politics forged to the front and clubs and fraternities struggled to take up the slack that had resulted from the loss of the first sergeant and his long roll. Do you remember the new look of the sleek sassy buildings that had taken the place of our old defected and tired monstrosities? It has been a great year with great things being accomplished. The old spirit was hard to quell but a new and greater spirit arose as the new look took hold. DO YOU REMEMBER?

CLEMSON

a photographic essay

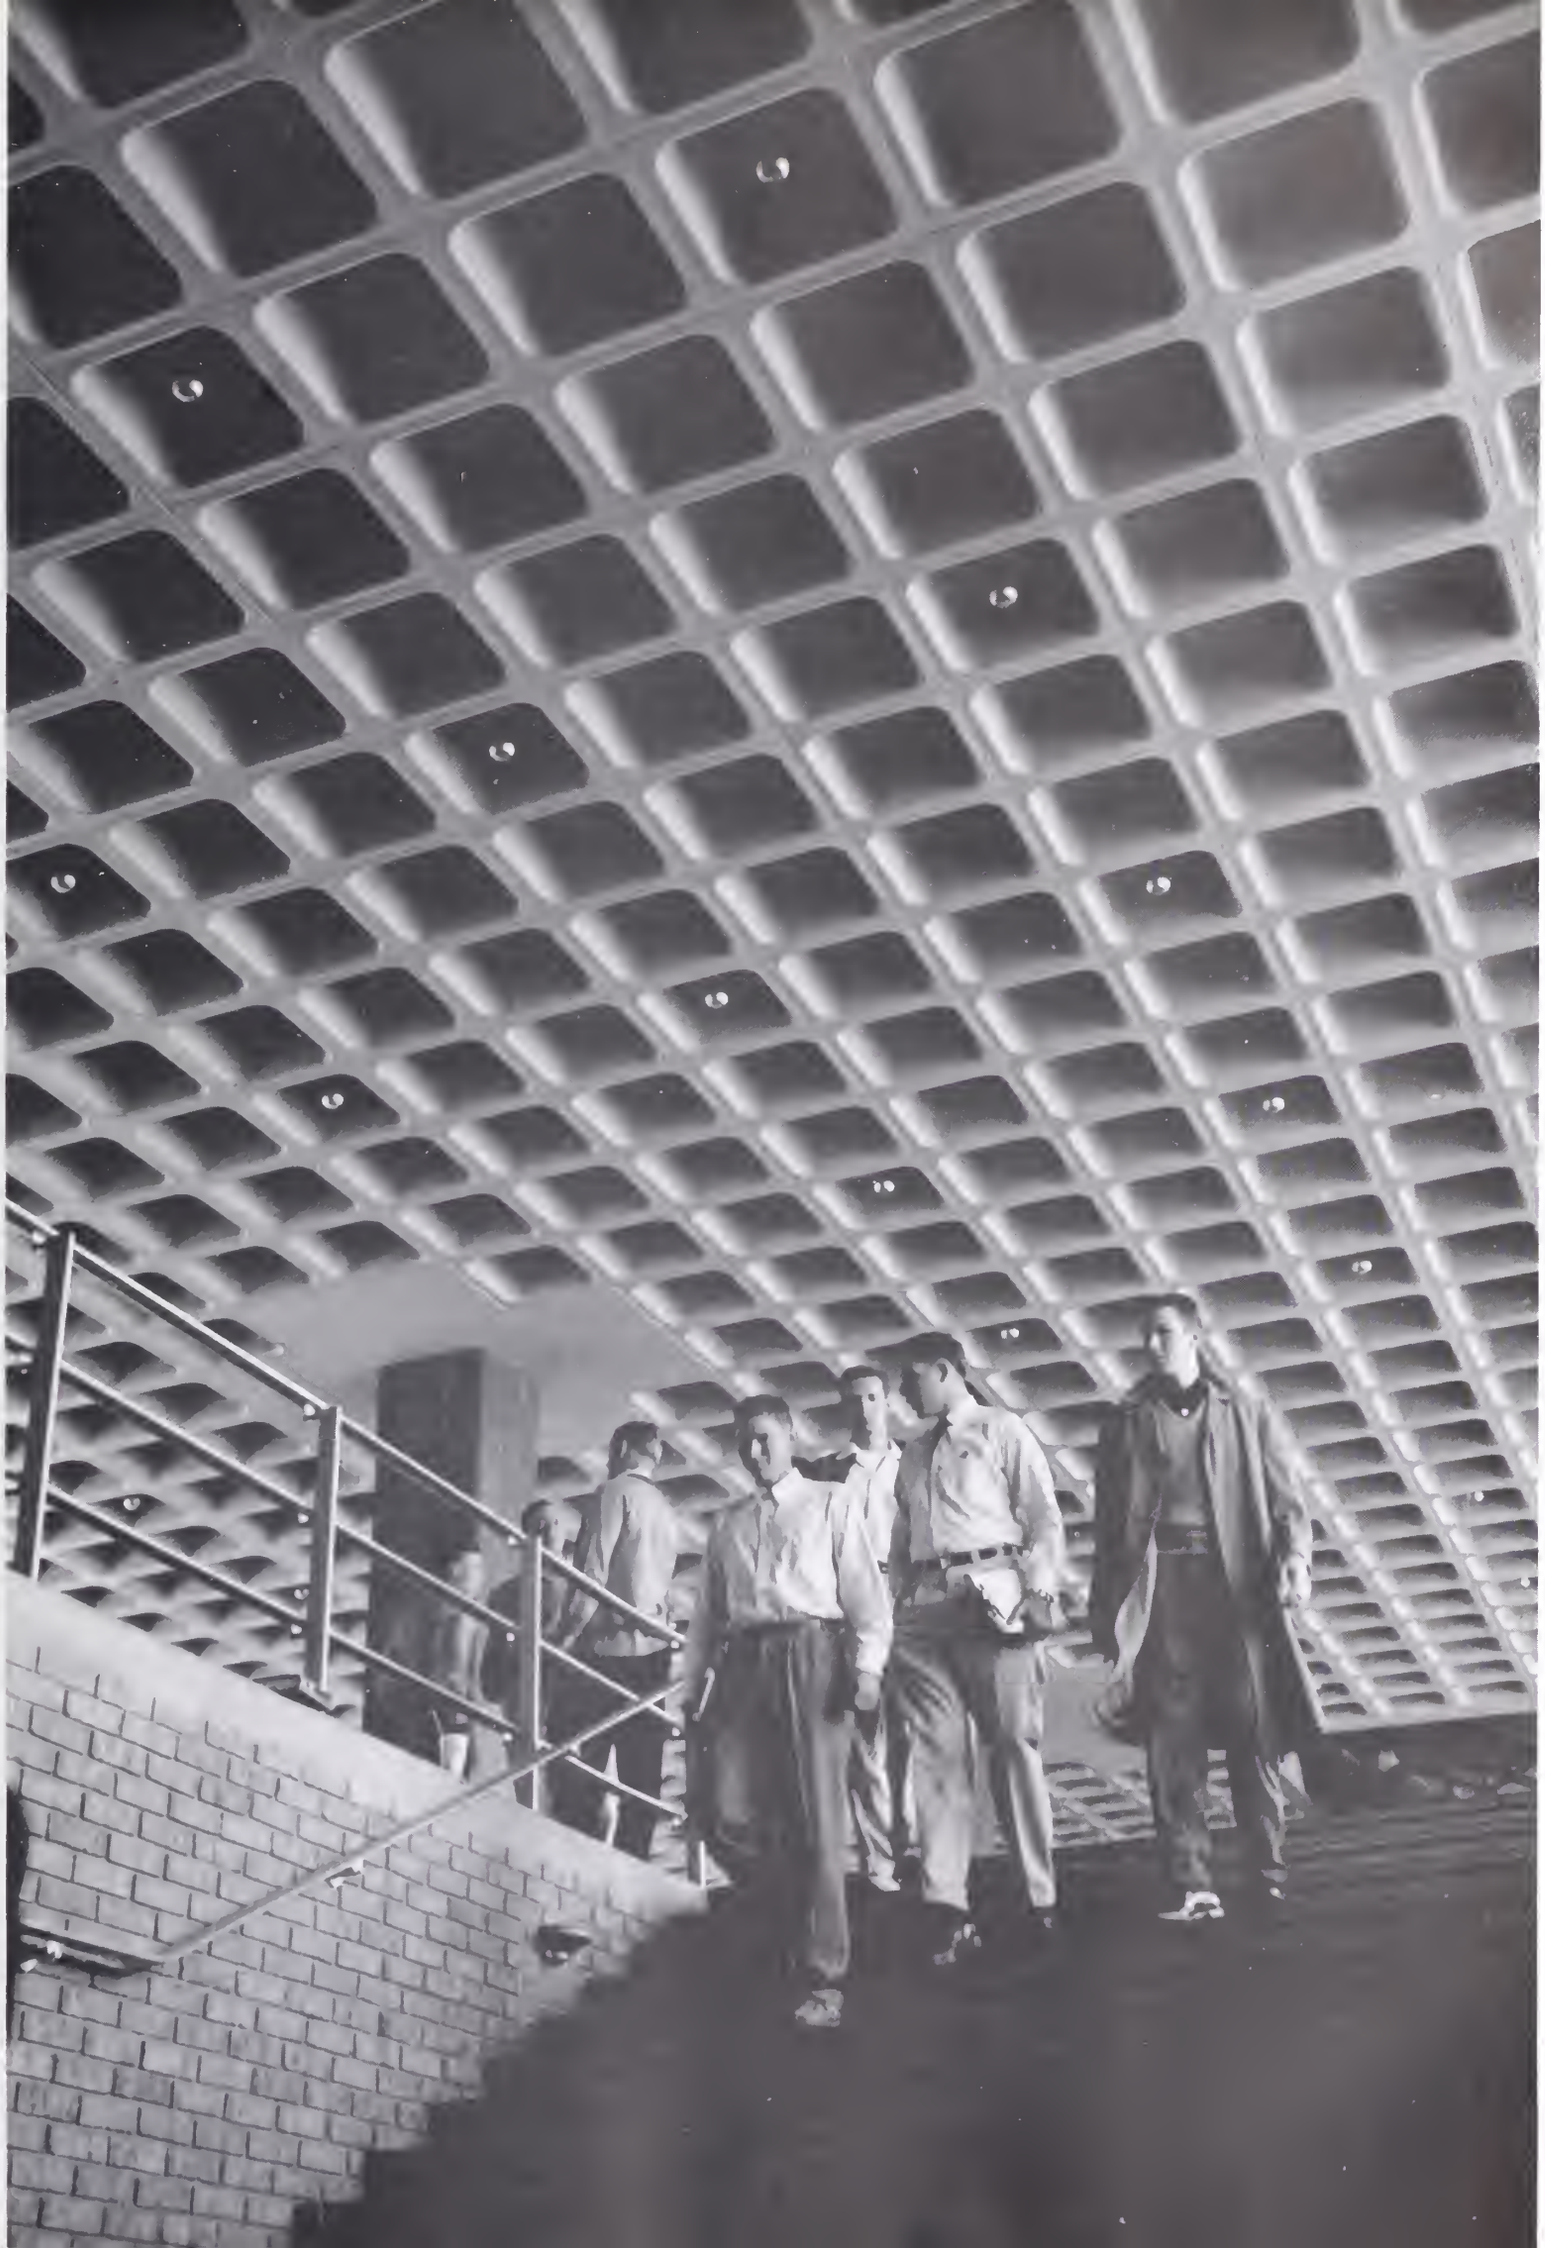
Clemson is a restless monster with 3,000 hearts. He is sprawled out over a clump of rolling hills in view of the mountains, sort of out in the middle of nowhere. But it is somewhere to a mighty lot of friends who live here together for a few years. Clemson dozes, but never sleeps. There is movement always, up and down, in and out . . . a powerful heap of living going on all at once. There is the churning of many minds, each thinking its own private thoughts and aspirations. Sometimes on the weekends the churning of the minds bogs down a little, but there is always the alarm clock . . . "Forgodsakewakemeupformy 8o'clock, ineverhearthatdamnclock . . ." then the monster yawns, stretches out, guzzles coffee, gulps eggs, grits, puffs an early cigarette, and trots off in the morning mist to the modern and antique buildings across the way where they teach textiles, agriculture, engineering, architecture.

• photographed for the TAPS by Gus Manos.

Being at Clemson is being with a bunch of guys and sharing a lot of things together. Pouring out into the quadrangle on a freezing night to shout for the Tigers with all your friends shouting at your shoulder. Waiting your turn along with the next guy for a hair cut. Passing jokes over cups of coffee or smokes between class. Pausing to talk with a friend on the steps of the loggia. Its great having friends and being with a bunch of guys.

It's hard to believe that a person can find moments of complete solitude in the frenzy that is Clemson. It's possible though and happens every day. Sometimes you can turn off the current that connects you with everybody else and be alone in the midst of silent concrete and steel.

There's a new look in buildings at Clemson. It's a clean-cut look, masculine and vigorous. Corners are cut square and lines are straight and long. Everything is concrete and glass and steel, and everything is efficient. There are waffle slabs and ramps and mullions (ask the architects).

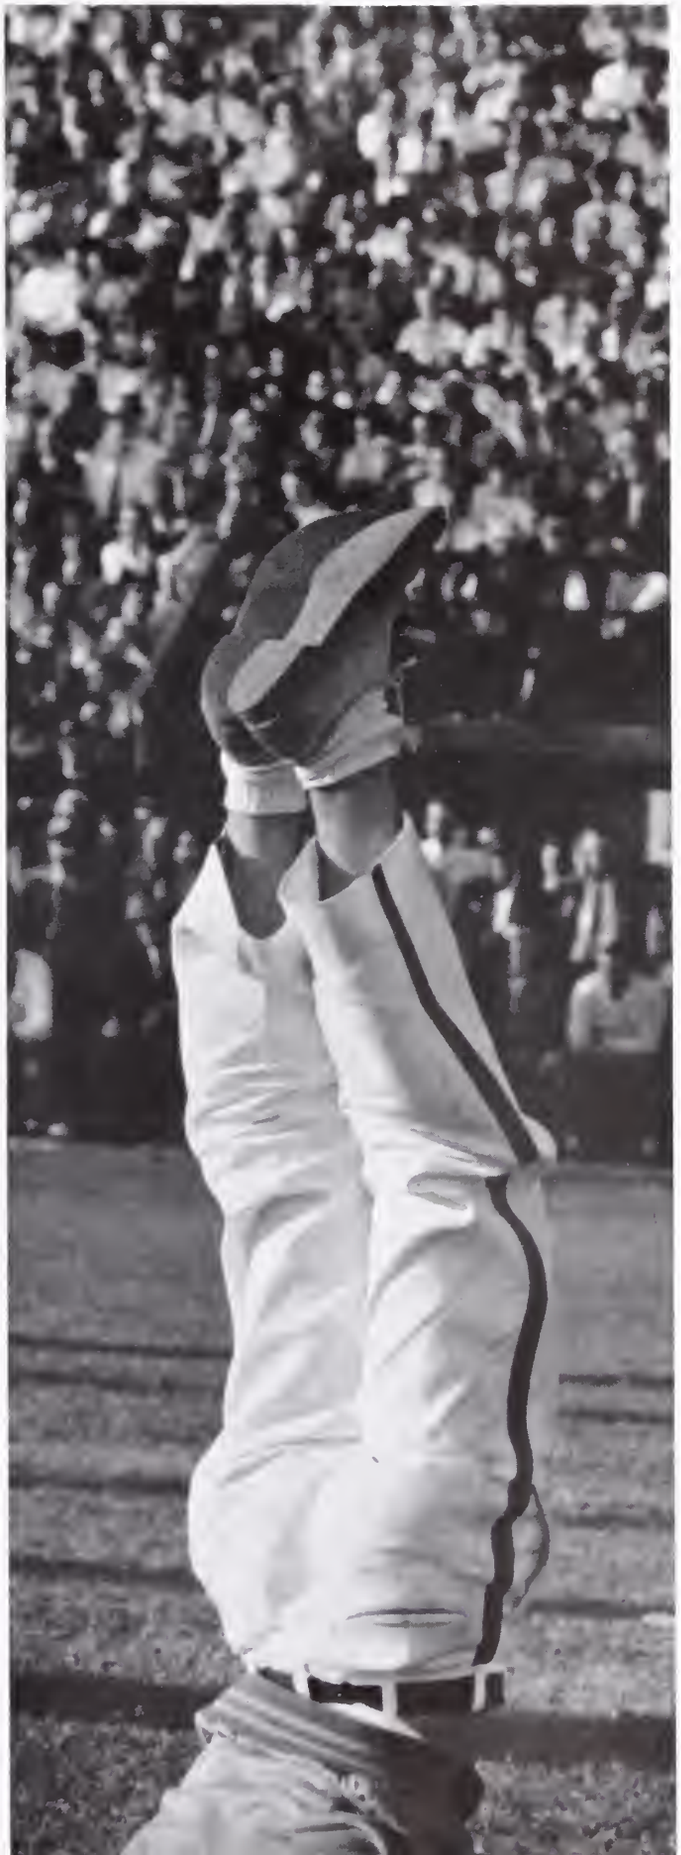


An education at Clemson includes the usual English and history and math. That's fine and okay. But in the afternoon we go into the big rooms with the machines and drawing boards. That's where we learn how things really click in our respective fields. Strands of thread on the locm, balsa strips in the models, the maze of intricate machinery, the test tubes, the bellowing bulls . . . this is the afternoon world of applied education. This is the bread-and-butter time.

If a school has spirit, it will show itself at the football game. Clemson has it. You can see it in the tense faces of the players on the bench. You can feel it in the roar of the student body packed together in the stands. There's the standout quarterback shouting encouragement to his teammates. And if they win, there are the happy and sometimes tipsy rooters celebrating on the field of victory.

CLEMSON

The color and atmosphere of the big Saturday afternoon game are created by little things . . . things like the polished tuba reflecting in its monstrous gape the entire field and the candy-striped costumes of the band. Then there's the acrobatic cheerleader, whose feet and hands continually swap places in the jubilation of a touchdown. It's all a part of the spirit of the game and of the school.

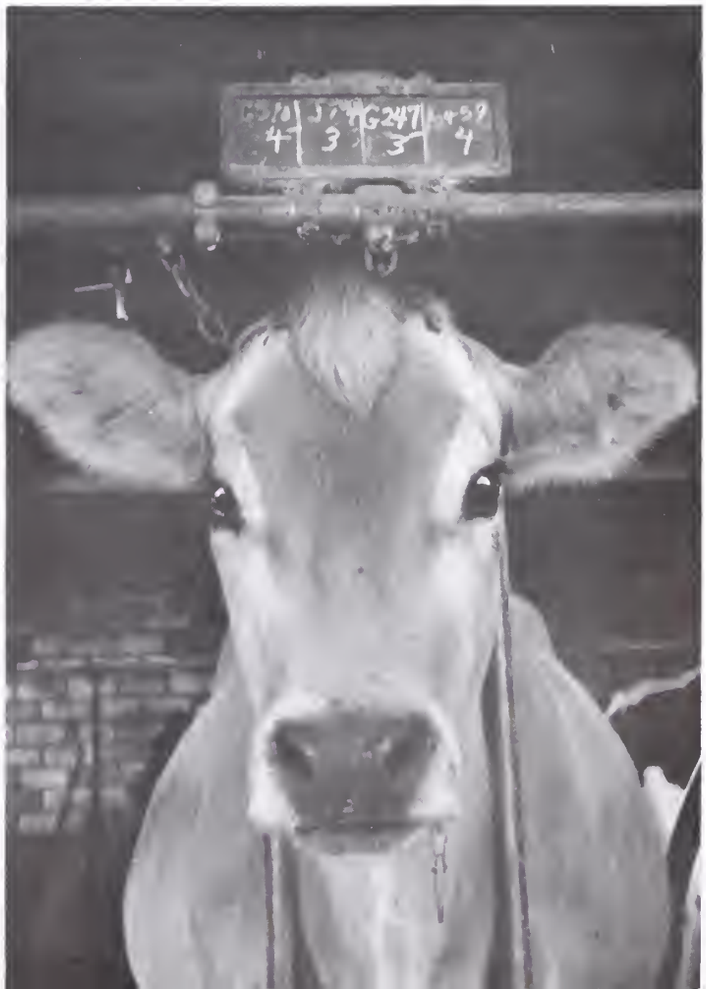


It's a big weekend dance. Ralph Marterie is on the bandstand, and our girls are here. The lights are dim. The music sounds just like his records, only a hundred times better, here. Everything is soft and moody and just right. The best thing about the dance is the girls, naturally . . . they all look good. Many couples seem complete and alone to themselves, because it's been a long time since they've been together like this. There's nothing like having your girl come up for a weekend dance. It's almost worth the long wait from Thanksgiving to Christmas.

On a big dance night you'll see: a debonair group of tuxedoed stags breezing through the canteen on their way to the dance, the swaying lilt of the grand march, a bubbling circle of singing couples partying at Littlejohn's after the dance. And so it goes, on and on into the night.

INFORMATION

It's been tops all the way . . . the dance, the drop-in afterwards, then maybe a houseparty in the mountains. You have a few last words with your girl on the Loggia. After that it's back to the room and back to the cows. Yes, we still have our cows.



THE COLLEGE

THE PRESIDENT

Supervising the activities of the various departments and directing the welfare of the college in general is DR R. F. POOLE. DR. POOLE is fully aware of his responsibilities and has proved his alertness by securing new buildings, new equipment, and numerous other improvements. Under DR. POOLE'S administration Clemson has grown continually, until today it is one of the top-ranking A & M colleges in the nation. His thoughts have been motivated toward a greater institution, and his efforts have been toward the fulfillment of this ambition.

CAMPUS

Several years after the Second World War, Clemson College realized its need for expansion. The modern trend in education began to point towards larger enrollment which in turn called for better facilities.

A few short years ago this dream of a new Clemson became a fact. Money was appropriated, contracts let, and work begun. Workmen and machinery descended upon the campus. Wrecking crews began ripping apart the "Old Clemson" while craftsmen laid the foundations for the new buildings. Using only the latest methods, engineers raised the "New Clemson" in record time. Well, now the machines and the men who operated them are gone. Behind them, in place of the old, worn out physical plant stands its modern replacement.

With a physical "new look" Clemson began to change throughout. Student life became more enjoyable. Changes, for efficiency's sake, were made in the administration. Within a period of only a couple of years, the Clemson which everyone had known became history.

Sentiment? This was lost, too. But in its place came something better. A new exciting, more collegiate form of sentiment was initiated. Included in this sentiment is the campus, one of the most beautiful in the South.

SCHOOL OF AGRICULTURE

FARRAR, M. D.

JONES, J. W.
Director of Teaching

With Clemson's Agricultural school already ranking as one of the foremost in the nation, the new Agricultural Center makes expansion even more evident.

The student majoring in agriculture at Clemson is assured of the very best instruction in this field. Staffed with the most competent instructors, using the very latest equipment, the School of Agriculture produces outstanding graduates every year. This is reflected by the record most of the men have made after finishing Clemson.

The School of Agriculture is composed of four main divisions: Resident Teaching, Research, Extension, and Livestock Sanitation. This shows the broad field which the agriculture school has to cover throughout the state. Not only does it instruct the future agricultural leaders, but also helps to improve the present agricultural conditions in the state.

SCHOOL OF
ARTS AND SCIENCES

The curriculum in Arts and Sciences is planned to meet the needs of those students who desire a broad, general education as preparation for intelligent citizenship and for vocational efficiency.

One of the fastest-growing schools at Clemson, Arts and Sciences has just recently incorporated a new industrial management course and has taken the former school of chemistry as well as the school of education into its curriculum. For these two newly added courses, the course of study is already outlined for the student, but in straight Arts and Sciences one can obtain a fine, overall, liberal arts degree.

SCHOOL OF
ENGINEERING

Clemson's School of Engineering is rapidly becoming one of the leading schools of its kind in the nation. A large number of students have realized this fact, and although the physical plant does not quite meet the demands of the number of students, the highly qualified faculty does.

Engineering is possibly the most popular field of study at Clemson. Every year, graduates from this school have varied opportunities for jobs with the leading engineering firms in the nation.

Although the engineer's course of study is one of the hardest at Clemson, his extra work pays off in the end.

SCHOOL OF

TEXTILES

In the past decade more and more textile plants have realized the advantage in moving their operations southward. A large number of these industries have settled within a short radius of Clemson. This is of added importance to the already superlative textile school at Clemson.

This school offers the student who wishes to break into the textile industry all of the tools needed to do the job. Clemson's capable textile faculty uses the finest equipment to a great advantage in turning out some of the best-qualified men in this field.

GRADUATE SCHOOL

WASHINGTON, W. H.
Dean

Students that have completed their regular four-year courses, are sometimes eligible to continue and attain a master's degree.

The degree of Master of Science is awarded to those students who satisfactorily complete a prescribed graduate program of work consisting of a minimum of 30 semester credit hours in the student's field of concentration. Of the 30 semester credit hours required, six must be for research and at least twelve must come from the courses designed exclusively for graduate students.

EXECUTIVE COMMITTEE

The Executive Committee is the coordinating agency for the student body and for the judicial and legislative branches of the student government. With the disbanding of the cadet corps, this group rules over many student activities which it had not previously been connected with. Composed of the president and secretary of the student body and the presidents of the four classes, this group directs the policies of the student government.

SENIOR COUNCIL

The Senior Council is the judicial branch of the student government. Formally this group handled all disciplinary not under the jurisdiction of the military department, but with the banishment of the cadet corps, the entire responsibility for disciplinary action has been placed on their shoulders.

It is the Senior Council's job to recommend punishment for those students who have broken certain basic rules of conduct or who have brought discredit to the school. It is their procedure to study each case carefully, have a formal trial and after due deliberation to recommend punishment for the individual or individuals concerned.

The Council is composed of seven seniors elected by the student body and two ex-officio members, the president of the senior class and the highest ranking officer in ROTC.

WHO'S WHO

IN AMERICAN COLLEGES AND UNIVERSITIES

Every year certain members of the senior class are chosen by the various academic departments of the college for recognition. Top scholarship and interest in extra-curricular activities are prerequisites for this honor. Thirty Clemson College seniors were selected for listing in the 1955-56 edition of Who's Who in American Universities and Colleges. These students were chosen from lists submitted by the faculties of their respective schools on the basis of their excellence and sincerity in scholarship, leadership and participation in extra-curricular and academic activities, citizenship and service to the college and promise of future usefulness to business and society.

Those chosen were:

STUDENT ASSEMBLY

The legislative branch of the student government, the Student Assembly, is composed of representatives from all four classes and the Council of Club Presidents.

This group draws up the laws or policies that govern the student body. Meeting at regular intervals, these men consider all possibilities that would make student life at Clemson more enjoyable. In some instances the entire student body is polled before policies are recommended. One of the greatest services they have performed in the past few years has been that of arousing more interest in student elections and activities.

MISS TAPS 1956

Miss Molly Ariail

This year the TAPS staff has selected Miss Molly Ariail as Miss TAPS for 1955-56. At the Homecoming Dances held in November five judges selected seven young ladies from among students' dates to appear in the beauty section of this yearbook. The judges, Jimmy Humphries, Professor Frank Burtner, Major R. C. Newman, Mr. D. G. Hughes, and Mike McMillan, selected the seven girls during a grand march held before intermission of the Friday night dance. From these girls one was selected by the TAPS senior staff to be featured in the 1956 TAPS as Miss TAPS.

THE CENTRAL DANCE ASSOCIATION

The Central Dance Association is the organization on the campus that is responsible for the superior dance series held during the school year.

The senior staff of the CDA is composed of eight members of the senior class who have served the previous year on the junior staff. Through their hard work and general cooperation last year, they were chosen to head up the organization for this year.

These are the men who tackle all of the problems connected with a dance week end at Clemson. Their first problem is that of selecting a dance band which will satisfy everyone. Next comes the publicity, ticket sales, and a million other smaller duties that go into making our fabulous dance week ends as enjoyable as they are. The actual staging of the dance is a climax to all of their hard work. The financial status of the club has not been as stable as it could be, but, even with this as a barrier, the CDA, through the cooperation of the entire student body, has come through with some of the top bands in the nation for our entertainment.

They deserve all of the credit in the world for making our social life at Clemson something to remember.

RAT HOP

RAT HOP—and the first big week end of the year. For the freshmen it is the first taste of collegiate social life but for the upperclassmen it means a few more days of partying with a few exciting frills added.

The Rats pull out their high school yearbooks in order to pick the best looking head they can find, in hopes that she will be picked as the lucky Rat Queen. With the upperclassmen it isn't a matter of choosing but of hoping that they can find somebody that will date them.

The fireworks start with the C. D. A.'s presentation of the Friday night formal dance. After a couple of hours of dancing to the scintillating music of Clemson's own Jungaleers, the Rat Queen is picked from among the dates of the freshmen. The crowd begins to grow slim after intermission with couples moving to the woods, mountains or various parties around the campus.

With the Tiger gridmen turning the tables on the University of Georgia footballers the next afternoon, the excitement of the week end begins to reach its peak. The crowd is jubilant at the Saturday night informal with the conversation being monopolized by the great victory of Coach Howard's charges.

The night spins rapidly away with the doors being closed on the few couples remaining at midnight. A replay of the night before features after-dance activity. With the majority of a fabulous week end already gone, tired couples eventually amble to their various lodgings.

Sunday, with Homecoming being a bright spot on the horizon, the couples part tired, but satisfied.

Rats first taste of social life!

HOMECOMING
STARRING RALPH MARTERIE

Perhaps the most exciting event of the first semester at Clemson is the homecoming week end. Packed into two short days are the homecoming dances along with the football game on Saturday afternoon.

On Friday, November 11, a multitude of people swamped the campus. Among these masses were not only students' dates but also alumni returning to participate in the festivities of the week end.

With nationally acclaimed Ralph Marterie and his band being the main attraction, things got off to a booming start Friday night with the Central Dance Association's presentation of the formal half of the Homecoming dance series. Just before intermission, hopeful students and their dates lined up for the grand march and the selection of Clemson's 1955 Homecoming Queen. Miss Molly Arial, of Converse College and Sumter was selected to reign as queen for the week end with six beautiful runners-up chosen as TAPS beauties.

Saturday afternoon's football game with top ranked University of Maryland gave the week end an added glow.

Saturday night, Ralph Marterie and his orchestra again grabbed the spotlight to finish off a perfect week end.

MID-WINTERS

STARRING WOODY HERMAN

Mid Winters, and the second semester was blasted off. Only a week after students returned for the second semester, the incomparable Woody Herman and his Third Herd opened Mid Winters week-end properly. The CDA went all out in planning and executing this dance. Although it was held in the coldest part of the year, high spirits and fabulous music made everyone's chilliness disappear.

The master, Woody Herman, and his men presented the greatest in cultural jazz at the Saturday afternoon concert and continued their music making far into the night on Saturday. Even though the weather was a little cold, the troops still had their houseparties in the mountains. With the return to classes Monday morning everyone said good-bye to one of the most terrific dances ever held at Clemson.

SPRING HOP

STARRING THE JUNGALEERS

Spring Hop, March 16 and 17 and the first major change in the dance set up at Clemson. Formally the Military Ball, the name of the dance was changed in connection with the dropping of the Mother's Day Parade.

The Jungaleers, Clemson's own gift to the music world, opened the weekend with a Friday night formal and made a repeat performance at the informal dance Saturday night.

The music was terrific. Led by Mac McDaniel and featuring several arrangements by members of the band, the Jungaleers captivated the frivolous crowd.

With the weather being too frigid for the mountains and the houseparties, most of the after dance merry-making was done around the campus. Sunday, the small but happy crew of dates returned to their respective colleges, homes, etc., looking forward to a fabulous Junior-Senior weekend.

JUNIOR-SENIOR

STARRING ELLIOT LAWRENCE

Junior-Senior week-end was one of the most memorable ones of the year at Clemson. With only a few short weeks left until graduation or summer vacation, plans become reality with the last big dance of the school year.

The race begins on Friday night with the Juniors rolling out the carpet to the Seniors and honoring them with a banquet immediately preceding the Friday night formal dance. With the field house being filled with the danceable music of Elliot Lawrence, students and their dates forgot the extra warm weather and switched their attentions to the more important tasks of living it up for perhaps the last time before exams. One of the main topics of the evening was newly announced Miss TAPS as she was proudly presented to the crowd by the editor of the yearbook.

Saturday found the weather perfect for trips to the mountains, concerts or other activities so common to week-ends.

The scene of battle changed from the field house to the dining hall for the Saturday night informal with armor consisting of anything from walking shorts to suits. The evening faded away into the many private parties over the campus. The next day a tired but certainly satisfied student body awakened to welcome the thousands of visitors converging on the campus for Mother's Day activities.

MAID OF COTTON

On October 26 and 27 the most beautiful females from South Carolina descended upon the Clemson College campus for the annual Maid of Cotton contest. From among these beauties Miss BETTY LANE CHERRY was chosen to represent the state in the national Maid of Cotton contest held in Memphis. The two days consisted of interviews, a formal contest and finally speeches by the finalists. The contest came to a close with the Maid of Cotton dance held at the Clemson House after the final contest.

THE MARINE BAND

The United States Marine Band got the 1955-56 Clemson Concert Series off to a successful start with their concert early in October. The military concert band, acclaimed the world over for their contribution to this type of music, has been very well accepted at Clemson, the student body, and by outsiders attending our concerts. This year was no exception.

One of the main drawing cards of this group of musicians is its historical background. It has participated in every presidential inauguration since that of President Jefferson, and every president has called upon the band to play at White House receptions. The Marine Band was the first band to broadcast over radio and, when television came into being, it was the first band to be televised. With the advent of color television the band kept its record in tact by appearing on one of the first musical programs presented in color.

Under the direction of Captain Albert Schoepper the band presented a varied program at Clemson, mixing popular and classical music. Through their outstanding performance the Marine Band remained one of the favorites on the Clemson College Concert Series.

BALLET ESPAGNOL

Ballet Espagnols presented by the Concert Committee in November produced one of the most interesting and colorful concerts of the season.

Starring Teresa and Luisillo, this ballet company presented something different, the Spanish Ballet, which is based on a strong folklore dance style, with sharp sophistication. Teresa and Luisillo formed their own ballet company and met the problems of finding artists who could adjust to their ideas, then prepared costumes, decorations, and worked out a program that would be interesting and varied. Luisillo developed the talent of conceiving original chorographic ideas that made possible productions that have been acclaimed throughout Europe, South America, and this country. Critics have hailed Teresa and Luisillo for their unity of motion, their harmony and understanding, also their passionate devotion to the dance that approaches perfection. They have assembled a company of dancers, singers, and musicians capable of carrying the terrific pace set by themselves.

Ballet has been somewhat untested at Clemson, but the reception given Ballet Espagnol proved the popularity of this type of concert at Clemson.

TERESA and LUISILLO.

MISS MARIE POWERS as MADAME FLORA.

THE MEDIUM

In December the concert series moved from a Spanish ballet to an opera, presented in the English language.

The Medium, Gian-Carlo Menotti's masterpiece, recognized as the most-thrilling opera in the English language, was preceded by the composer's shorter work, The Telephone. Marie Powers, the great star of the original production, was heard in the leading role of Madame Flora, the foredomed spiritualist. This double bill of operas was one of the outstanding attractions presented in America this season. The Medium has been performed in all of the world capitols since its premeire in 1947. Before this year most of the performances were by special invitation. This is the first time that Miss Powers has made a tour of the United States in this work.

This highly exciting opera gave Clemson the very latest in the world of music. The contemporary atmosphere caused nothing but complimentary remarks by those who attended.

ANTAL DORATI, Conductor of the Minneapolis Symphony Orchestra.

THE MINNEAPOLIS SYMPHONY

Symphony orchestras have always been popular at Clemson and the Minneapolis aggregation which played here March 13 was no exception. Conducted by Antal Dorati, this orchestra has the distinction of being the only major symphony orchestra in the United States who has its home on the campus of a University. With the University of Minnesota being home base for the orchestra, it plays to the largest average concert audience in America.

This is the orchestra's fifty-second year of operation and it has grown through the years under the direction of some of the greatest conductors in the business. Featuring a more or less collegiate program, this symphony was accepted as enthusiastically as any symphony orchestra to appear at Clemson.

GEORGE LONDON

GEORGE LONDON

GEORGE LONDON, the sensational, American-born bass baritone, wound up the Clemson concert season. Appearing here on April 5, this comparatively young singing star captivated the collegiate audience.

Following his debut into the Metropolitan Opera in 1951 London has appeared in music festivals all over the world. He is in great demand on radio and TV network programs and is climbing in popularity as a Columbia recording star. Spending as many summers as possible in Europe at the various music festivals, he returns to America in the winter for his yearly coast-to-coast concert tour.

CLAUDIO ARRAU

February 27 found CLAUDIO ARRAU, the first of the second semester concert artists on the campus. Billed as "The Great Pianists", Arrau played his way to the top in his appearance here at Clemson.

Most critics have agreed that Arrau is the foremost living pianist. He is exceeded technically by no one, meaning that there is no problem connected with the keyboard which he has not solved. Demonstrating an esthetic approach to music his concerts have proved that he is irreproachable.

Arrau's concert at Clemson turned out to be one of the cultural highlights of the year.

THE LITTLE THEATER

The Clemson Little Theater is the dramatics society of Clemson College and the community of Clemson. Membership consists of both students and townspeople. The Little Theater brings entertainment in the form of plays just released after runs on Broadway and also the older classical plays. However, the purpose is not only to present entertainment but also to increase interest, stimulate creativeness, and foster artistic achievement in all the allied arts and crafts of the theater. The usual season consists of at least three full-length plays but often four or more are presented. Attendance to all performances is open to the public and every member is encouraged to actively participate in some production of the season, either on stage or in one of the many back-stage jobs.

JUNGALEERS

Promoting good modern music, the Jungaleers Orchestra has steadily built its reputation in South Carolina, North Carolina, and Georgia by successfully playing engagements such as college dances, conventions, banquets, and high school junior-seniors. The orchestra is made up entirely of college students who possess definite musical qualities which meet the orchestra's requirements. This fact, plus progressive standards on the part of its leaders, has caused the Jungaleers to become the top college orchestra in the South.

GLEE CLUB

The Glee Club, under the direction of Hugh McGarity, is one of the best in the South, and it is becoming the best known throughout the rest of the country. The Glee Club tours through the country during the spring and thousands of people throng to hear their mellow voices. Not only do they sing in the surrounding areas, but also in different college functions.

Clemson ought to be proud of this group, because they have brought praise to the college. Many hours of preparation went into giving a good concert, and these boys with Mr. McGarity ought to be commended for their endless hours of practice.

This organization is growing every year and soon it will rank with the best in the nation.

MARCHING BAND

Clemson College's 120-piece Marching Band highlighted the State Fair Game with their "flashback" of the first Clemson-Carolina clash. Dressed in pinstripped coats and straw hats, they relived for many old timers the memory of two rival colleges lining up for the first time.

With perfect unison and split-second timing, the Marching Band split into four groups: two ragtime bands, and two teams representing the Tigers and Gamecocks, and put on a humorous and clever halftime show enjoyed by fans of both teams. At the Homecoming, by popular demand, the band staged their spectacle again.

Our Marching Band sponsored a High School Band Day at the Clemson-Wake Forest game with 30 high school bands performing at halftime to stress the importance and thrills of a big brass band.

Many many hours of practice and effort went into the performances of our Marching Band. Under the direction of Mr. Robert E. Lovett, the band gave us enjoyment and pleasure during the few moments of the half times.

BLUE NOTES

The Blue Notes is the newest dance band on the campus; it was organized in 1950 by Richard Harrison. Made up of Clemson students entirely, the band of twelve musicians practice every Monday night, perfecting their renditions of smooth popular music. The Blue Notes play for dances at Clemson and surrounding colleges, for high school Junior-Seniors, and for many conventions held in the Clemson House. This band is fast becoming popular and should hit its stride in a few years.

Under the direction of Mr. Robert E. Lovett, director of bands at Clemson, the Clemson Concert Band has furnished music on various occasions this year. A purely voluntary organization, the band is selected through tryouts of interested students. Its excellent performance on all occasions has made this band one of the most popular music organizations on the campus.

ARMY ROTC

The Army ROTC unit at Clemson has taken on quite a different light at Clemson this year after the sudden transformation from the Cadet Corps to a civilian student body. The only time a student is actually engaged in the ROTC program is when he is attending military classes or when he is participating in the military drill on Thursday afternoons. The wearing of the uniform only one hour a week has perhaps been the most noticeable change that this transformation has brought to Clemson.

The Senior Platoon, Clemson's crack drill outfit, has probably brought more favorable publicity to the college, with the exception of the athletic teams, than any other college organization. This precision drill unit, composed entirely of seniors, has become nationally famous by drilling in events throughout the United States.

Each year the exhibition drills consist of football games, Christmas parades, special events, and the annual trip to the Mardi Gras parade in New Orleans.

Although the Corps of Cadets has disbanded at Clemson, these students have contributed an extra effort to restore a little of the "old Clemson".

PERSHING RIFLES

The Pershing Rifles, formed in 1892 by John J. Pershing, is a national honorary military society organized for the purpose of encouraging developing and promoting the highest ideals of the military profession—leadership, honor, and brotherhood. The active members, composed of members of the sophomore class are chosen through competitive drill and because of their teamwork qualities. The honor of belonging to this precision drill unit is just reward for their hard work and interest in the organization.

SCABBARD AND BLADE

The Scabbard and Blade represents the top cadets on the campus enrolled in Army ROTC. Recognized nationally, this club is the number one military organization on the campus.

Its members are chosen from cadets who have obtained honors, both in military and scholastic standings and who exhibit outstanding quality of leadership and enthusiasm in the Cadet Corps.

The purpose of the organization is to promote better and closer relationship between the Cadet Corps and the military staff of the college. The club activities include the annual Military Banquet, held in the Spring for the Cadet officers, and the Military Ball.

SUMMER CAMP 1955

"GEECHIE" BILL tells how.

SUMMER CAMP
AIR FORCE & ARMY ROTC

All students enrolled in Army or Air Force ROTC are required to take part in a summer training period during the summer immediately following their junior year. The Army ROTC cadets attend this summer camp for six weeks while the Air Force men are required to go for one month. During this time, ROTC cadets receive extensive training connected with their chosen branch of service. This enables them to better serve as officers when they are called into the service after completion of their course of study.

MOTHERS' DAY

From the Honorary Cadet Colonel to the victor goes the spoils.

Once a year the Cadet Corps gathers en masse to pay respect to their "Moms". It may have been thought by the "Moms" that their sons have been playing more than working, but on this day they perform as "polished soldiers", as do other drill teams that perform before the many thousands that line the hillsides surrounding Bowman Field. It is on this day that certain students are recognized with certificates and ribbons for their outstanding leadership ability that they exhibit while in class and on the drill field.

On this day the Honorary Cadet Colonel and her Staff are presented to the Cadet Corps. Their beauty always adds to the colorful day set aside for the sole purpose of honoring our favorite sweethearts—our Mothers.

1956 TAPS STAFF

With a whole summer of lost week-ends and house-parties and just plain parties behind us, the TAPS staff put away their date books and spare key to dad's car. Once again the time had come to publish another "book" for "deah ole Clement". We had other things to do, too, like going to school for instance, but, of course, that is of minor importance.

Mainly we had to publish the TAPS. For the first two weeks while the average student gleefully meets old friends, signs up classes and does other collegiate-type things, it is our duty to see that every student has his portrait made and at least gives us a promise to pay for his yearbook.

After that it's just one headache after the other. But, after all, we feel that we really owe Clemson a lot—it has to pay for the lights we burn while we work all night.

TAPS JUNIOR STAFF

At the beginning of each school year, a selected few are made members of the TAPS Junior Staff. Theirs is the job of doing the "menial" work in the publication of your yearbook. Without them the Senior Staff would be at a loss; who could run all over the campus to see eighty zillion guys about eighty zillion different problems? Then, too, what self-respecting senior would be caught dead running down to DAN's to get the staff a much-needed "burger" to stretch the night into day putting out copy.

After having been run "ragged" all year, certain Junior Staffers are chosen for service on the new Senior Staff. All have been observed for interest, capability, and ability to deal with students—the cream has been picked to publish your next year's TAPS!!!

BOBBIN AND BEAKER

The School of Textiles' official journal, "The Bobbin & Beaker", published quarterly, is concerned with problems that confront textile manufacturers, engineers, and chemists.

Articles written by students and textile men inform readers on the latest developments in the textile industry.

The publication was organized in 1939 by the Phi Psi fraternity and has proved itself to be an outstanding member in its field.

THE SLIPSTICK

Keeping the engineers informed is the job of "The Slipstick", official publication of the School of Engineering at Clemson.

It contains technical items of interest to the engineer and features and editorials of interest to the community. The entire publication is done by the student staff with advice and helpful hints from the advisory board.

Here is a chance for the future engineer to express the ideas and information that will mean his livelihood tomorrow.

THE AGRARIAN

The oldest technical publication on the campus, "The Agrarian", is published four times during the school year by a group of students in the Department of Agriculture. It is concerned primarily with the technical problems of the student and farmer as a result of the rapid expansion in the field of agriculture. Features of local interest to the students and faculty are also included.

All work is done by students who in turn train the succeeding staffs. "The Agrarian" has the largest circulation of all campus magazines.

BLUE KEY DIRECTORY

The most-useful booklet, found in every room on the campus, is one of the chief projects undertaken by the Blue Key every year.

"The Blue Key Directory" lists each student at Clemson, his dormitory room number, P. O. box number, major course, and home address. Also listed are the members of the faculty and administration and all the organizations on the campus with their presidents and advisors.

Y. M. C. A. HANDBOOK

A committee from the "Y" Cabinet plans and sponsors the "YMCA Handbook", a guide to Clemson, edited primarily for the benefit of new freshmen. It lists all the schools, organizations, and means of entertainment found on the campus and describes the campus, orienting newcomers on the history, appearance, and location of all the buildings and grounds.

The staff prepares the book in the spring for distribution to the freshmen in the fall.

ALPHA PHI OMEGA

The Gamma Lambda Chapter was first organized on the Clemson Campus in 1936, composed of men with an earnest desire to serve students, faculty, and community.

Requisite for membership in Alpha Phi Omega is former membership in the Boy Scouts of America and a will to carry the ideals of the scouts through college. These men are also chosen on the merits of their leadership ability, integrity, and character.

The four primary objectives of the fraternity are:

Service to youth and community,
Service to student body and faculty,
Service to fellow members of the fraternity,
Service to the nation as participating citizens.

BLUE KEY

The national honorary fraternity, Blue Key, is recognized as the top honorary and leadership organization at Clemson. With its members picked from the highest ranking students, both scholastically and extra-curricularly, the Blue Key is the ultimate goal for all our able students.

Members are selected each semester from the most outstanding juniors and seniors.

Among the accomplishments of the Blue Key on this campus are the student directory and the Blue Key Dance co-sponsored by the Carolina Chapter. The directory is invaluable to all at Clemson and the annual dance, held during State Fair, has done much to foster better Clemson-Carolina relationship.

TIGER BROTHERHOOD

Tiger Brotherhood is an organization composed of members who possess outstanding abilities in leadership, service, and interest in Clemson. Tiger Brotherhood was first formed at Clemson in 1928 by Professor John Marshall and has thrived since then to become a top service fraternity at Clemson College.

Service to the faculty and student body is the primary function of the organization. One among many of Tiger Brotherhood's services this year was the toy collection at Christmas time. The fraternity members collected toys from the students and distributed them to underprivileged children in the Clemson Community.

PHI ETA SIGMA

J. H. JONES
President

Membership in Phi Eta Sigma is limited to freshmen who maintain a grade point ratio of 3.5 for their first semester or a cumulative grade point ratio of 3.5 for their first two semesters at Clemson College.

Phi Eta Sigma was started at the University of Illinois in 1923. The Clemson chapter was initiated in 1940 and since that time has become the highest honor a freshman can receive.

After two years of active participation, members revert to an inactive status although they are kept on the rolls.

The club encourages the freshmen to keep up their good work and at monthly meetings, informative lectures are presented by graduated members and other speakers active in the field of scholarship.

PHI PSI

The Iota Chapter of Phi Psi, national textile honorary fraternity, was established at Clemson in April of 1927, and was the first Greek letter fraternity on the campus. The original chapter was founded at Philadelphia Textile School in 1903 and now has many alumni divisions in addition to the student chapters throughout the nation.

Members of Phi Psi are constantly urged to raise the scholastic standing of the Textile School and to preserve and strengthen the bond of mutual professional interest which is the basis of its organization. Phi Psi provides a spirit of unity and common understanding among the textile students who qualify as members.

PHI KAPPA PHI

Phi Kappa Phi is a national honor society organized in 1897 for the purpose of promoting scholarship among American college students. The local chapter was chartered in 1938. Recognizing the equality of all branches of knowledge, it seeks to foster learning in competition with numerous attractive and conflicting interests affecting the modern everyday life of the undergraduate by offering him membership on an equal basis with members of the faculty. Through meetings of the two factors, it aims to promote good feelings and high ideals among students in their personal college relationships.

Seniors who rate tops in academic standings are eligible for membership.

LEON HUNT
President

Delta Sigma Nu is composed of students majoring in Pre-Med and Pre-Dental programs.

Anyone taking a course leading to an M.D. or D.D.S. degree is eligible for membership.

The club strives to aid these men by providing helpful advice and discussions in regard to their future entrance into medical school and in medicine itself. It also presents monthly programs toward maintaining the pre-med student's interest and insight into the broad field of medicine.

GAMMA KAPPA ALPHA

Gamma Kappa Alpha, better known as the Tar Heel Club, was organized in 1954 to provide a contact for the students from North Carolina with the activities of Clemson College.

Membership is open to any student that is a resident of North Carolina.

The club also offers social entertainment for its members with parties during the year and intermission parties during dance week ends here at Clemson.

FAROUK ROBERTS, drunk again.

BETA SIGMA CHI

Beta Sigma Chi has been one of Clemson's most outstanding local social fraternities since its organization in 1933. Members are selected from students who live in a fifty-mile radius of Charleston. Each year the club sponsors competitive examinations in the Charleston County Schools, the winner of which is awarded a partial scholarship. The club functions as a social organization by giving an annual dance during the Christmas holidays, as well as presenting many other entertainments.

Iota Lambda Sigma, a national education fraternity, was organized in 1930 due to a desire among education majors to become better acquainted. They organized the Gamma Chapter of Iota Lambda Sigma and since that time this club has closer fellowship and recognition for students majoring in education at Clemson.

Membership is limited to juniors and seniors who have maintained a grade of "B" or better in a portion of their scholastic work.

REV. ALLEN and PRESIDENT STARKEY

B. S. U.

The Baptist Student Union brings together the many Baptist students at Clemson and fosters in them spiritual growth, thought, and action through a program of Christianity at work.

Under the leadership of Rev. A. C. Allen, this largest church group of the campus enjoys a year full of interesting programs, projects and services.

CANTERBURY CLUB

Episcopal students at Clemson are united in the Canterbury Club of Holy Trinity Episcopal Church. Clemson's Canterbury was the first chapter of the National Canterbury association of Canterbury in the nation. All Episcopal students are organized through the Canterbury Club into a student Parish having its own Senior and Junior Warden and vestry. The Student Parish is integrated into the total life of the local church through local Parishioners who are mainly faculty members. The group meets each Wednesday during the school year. The students lead their own worship service in the church; then assemble in the clubroom for their business meeting, study program and recreation. Student wives form the auxiliary to the Parish and provide refreshments and entertainment. The chaplain to the Episcopal students is Rev. Bob Oliveros.

HILLEL-BRANDEIS

Jewish students on the campus are organized into the Hillel-Brandeis which evolved from the Brandeis Club that existed before the war. Formed to promote spiritual advancement, and all-round fellowship, the Hillel Foundation has chapters throughout the country, located on the campuses of leading colleges and universities.

Current events are discussed at meetings held at the "Y" and many other items of interest are presented to the students.

NEWMAN CLUB

In 1940, Father T. F. Tierney organized the Newman Club as the religious organization for Catholic students. The first Newman Club in the United States was established at the University of Pennsylvania in 1893. Since that date more than two hundred clubs have been founded all over the United States. The purpose of the club is to foster the spiritual life of the students, their religious instruction, and their social life in this order of importance.

P. S. A.

P. S. A. is the original name for the Westminster Fellowship, the Presbyterian Church's fellowship with Jesus Christ, with the people of the Campus Community, and with each other.

The programs are planned by and for the students, with a goal of spiritual growth, and a mature interest in the church.

The association forms a link between the students which is invaluable in later life and a continuation of activities that tend to support those Christian Ideals taught in the home churches.

With the guiding hands of "Doc Crouch" and Professor "Big Ben Goodale" and with the support of those interested students, this organization has grown into a memorial of those Presbyterian Clemson men who wish to improve their spiritual lives as well as their mental capacities.

The doors of both the church and the P. S. A. always remain open to those who wish to participate.

YMCA STAFF

The YMCA staff is headed by General Secretary P. B. Holtzendorf and sponsors many activities on the campus, providing excellent entertainment for Clemson students.

Associate Secretary for the "Y" is Mr. J. R. R. Cooper, and Mr. Nash N. Gray serves as Assistant Secretary. The office secretary is Miss Bobbie Palmer.

The "Y" sponsors dances, provides pool tables, two movies, a swimming pool, ping-pong tables, papers, and magazines. Besides this, the "Y" has two club rooms that are available for club and church meetings.

If these are but a few activities the "Y" sponsors then the YMCA has become a valuable friend to the students at Clemson.

YMCA CABINET

Composed of the student leaders of the various church organizations on the campus, plus men chosen from the Senior "Y" Council, the YMCA Cabinet coordinates the work of the church and the "Y".

The Cabinet serves as the governing body of the student activities of the Clemson "Y". In this capacity the Cabinet endeavors to seek out the needs of the Clemson student and through the coordinated efforts of the four "Y" Councils, to mold the program of the "Y" to fulfill these needs.

Back of all its chores is the reward of Christian fellowship with students of all denominations.

BLOCK "C" CLUB

The Block "C" Club is composed of those men who have lettered in one of the major intercollegiate sports: football, basketball, baseball, or track.

These boys spend many hours of sweat and workout to gain the privilege of going through the roughest initiation on the campus and thereby becoming a member. To make up for the work and punishment, these boys share in some of the best social functions on the campus during the year.

MANAGERS

Behind the scenes of Clemson's athletic program are the managers. At all times throughout the seasons these fellows are on hand to aid the players and coaches in any way possible. Their efforts and work keep the sports equipment in tip-top condition for the next encounter. Without these boys it would be almost impossible for the Tigers to operate efficiently.

Our hats off to the boys who work to keep the Tigers in shape without rewards for themselves.

CHEERLEADERS

To improve our cheering section these cheerleaders have worked long hours practicing yells and tricks for visitors and students to enjoy at our football games.

Cheerleaders, no matter what students think, have an extremely difficult job. They spend many hard hours practicing and working up new yells. Despite the hardships and discouragements brought about by students who force our cheerleaders to become hoarse and worn out, they always remain full of pep and ready to cheer the team to victory.

For the first time Clemson saw girls leading cheers. Rachel, Charlotte and Theresa did a fine job.

CLEMSON ENDS FINE SEASON

The football coaches, more aptly described as the board of strategy of Clemson's gridiron, are responsible for the Tiger teams which battle foes down in the stadium and away from home. On the shoulders of these men fall the task of recruiting raw material from high schools and building teams that merit the honor of being called Tiger teams. Through the years, FRANK HOWARD and his staff turn out teams that gain national recognition as a top power.

Headaches and gray hairs for these men begin with the practice sessions and games. They are constantly on the road scouting the opposition, looking for new material, trying to get new ideas, and speaking at banquets or attending meetings. A winning season for the Tigers and everyone claims the victories, but one bad season and the coaches must take the full blame. They put up with criticism from everyone yet stick with the Tigers through all of the ups and downs because of their love for athletics and Clemson.

Not only on the gridiron do these men produce outstanding teams, but in the other sports as well. BANKS McFADDEN, basketball coach; BOB SMITH, baseball coach and ROCK NORMAN, track coach; round out the coaching staff at Clemson for the other major sports.

Much credit and applause must be given to these men who work endlessly and give us Tiger teams that we can be proud of. Hats off to the job they are doing so well.

The 1955 football season goes on record as the best the Tigers have experienced since 1951. The powerful Bengals compiled a 7-3 record in losing only to Rice, Auburn, and the terrible Terrapins of Maryland.

Of course, everyone was happy with the outcome of the Big Thursday game as the Gamecocks fell before the Tigers for the first time in the last six years, but the biggest game of the year for the Country Gentlemen was against Maryland. The Tigers played one of the best thirty minutes of football ever seen in Memorial Stadium as they scored twice on the number one team in the nation and held the Terps almost motionless until late in the second period when they moved for a score.

Clemson's offense was the best it has been in the past few years. The Tigers gained 3,057 yards as compared to 2,916 in 1954 and 2,749 in 1953. Joel Wells took honors as the best back in the Atlantic Coast Conference by compiling 782 yards in 137 carries for a 5.7 average. Don King, Charlie Bussey, Joe Pagliei, and Billy O'Dell were the other wheel horses in the fearsome Tiger backfield that repeatedly pierced the opposition's defense. In the forward wall Wingo Avery led the Tigers with the superb play of Dick Marazza, and B. C. Inabinet at tackles, John Girdijan and Earl Green at guards and Willie Smith and Walt Laraway at ends.

Clemson's all around play established them as a major power in football circles and makes the Tigers a team to be wiry of when game time rolls around in 1956.

CLEMSON 33
P. C. 0

The Clemson Tigers duplicated their scoring of the previous year by shutting out the P. C. Blue Hose 33 to 0 in the traditional opening game. The Tigers struck hard and fast in the first quarter for three quick TD's. Don King engineered the first scoring play of the game by flashing nine yards around left end before lateraling to Joe Pagliei who raced 18 more to pay dirt. A few minutes later, after Wingo Avery intercepted a P. C. pass at midfield, King struck again as he flipped a 13-yard pass to end Joe Bowen in the end zone. With just three minutes left in the first period, the second Tiger eleven came into the ball game. Charlie Bussey recovered a P. C. fumble and two plays later Lem McLendon burst loose with a 34-yard TD gallop.

After Clemson's first period scoring spree, the P. C. Blue Hose tightened up their defense and held the powerful Tigers scoreless during the second and third periods.

Going into the final period it appeared P. C. would hold Clemson to the lowest post-war score with 8 minutes left in the game, Whitey Jordan pounced on a P. C. fumble at their 23, and the Tigers opened up again and Bussey found Walt Laraway with a 20-yard TD pass. After the kickoff, another Blue Hose fumble was recovered by the hard-hitting Tigers and two plays later, fullback Bill O'Dell dashed 16 yards for the final score.

In the forward wall, Avery, Laraway, Gardijan, Hudson and Green played outstanding ball in stopping the drives of P. C. These hard-hitting linemen caused the Blue Hose to lose the ball four times via fumbles.

KING to PAGLIEI pass nets nine.

CLEMSON 20
VIRGINIA 7

Traveling to the University of Virginia for the second game of the year, the Tigers romped over the Cavaliers by a 20 to 7 score.

The Bengals took the opening kickoff and drove 95 yards down the field to score. The drive was climaxed by Joel Wells' burst from two yards out. King's conversion attempt was blocked and Clemson was in front 6 to 0. The Tigers scored again in the first quarter on a pass from King to Laraway only to have it nullified by a penalty.

The second quarter opened with Virginia in possession of the ball. The Cavalier fans received their only big thrill of the day as Hartwell scampered 61 yards down field before being pulled down from behind by Joe Pagliei. On the next play, Jenkins drove over from the one-yard line. Bakhtiar converted and Virginia led by a score of 7 to 6.

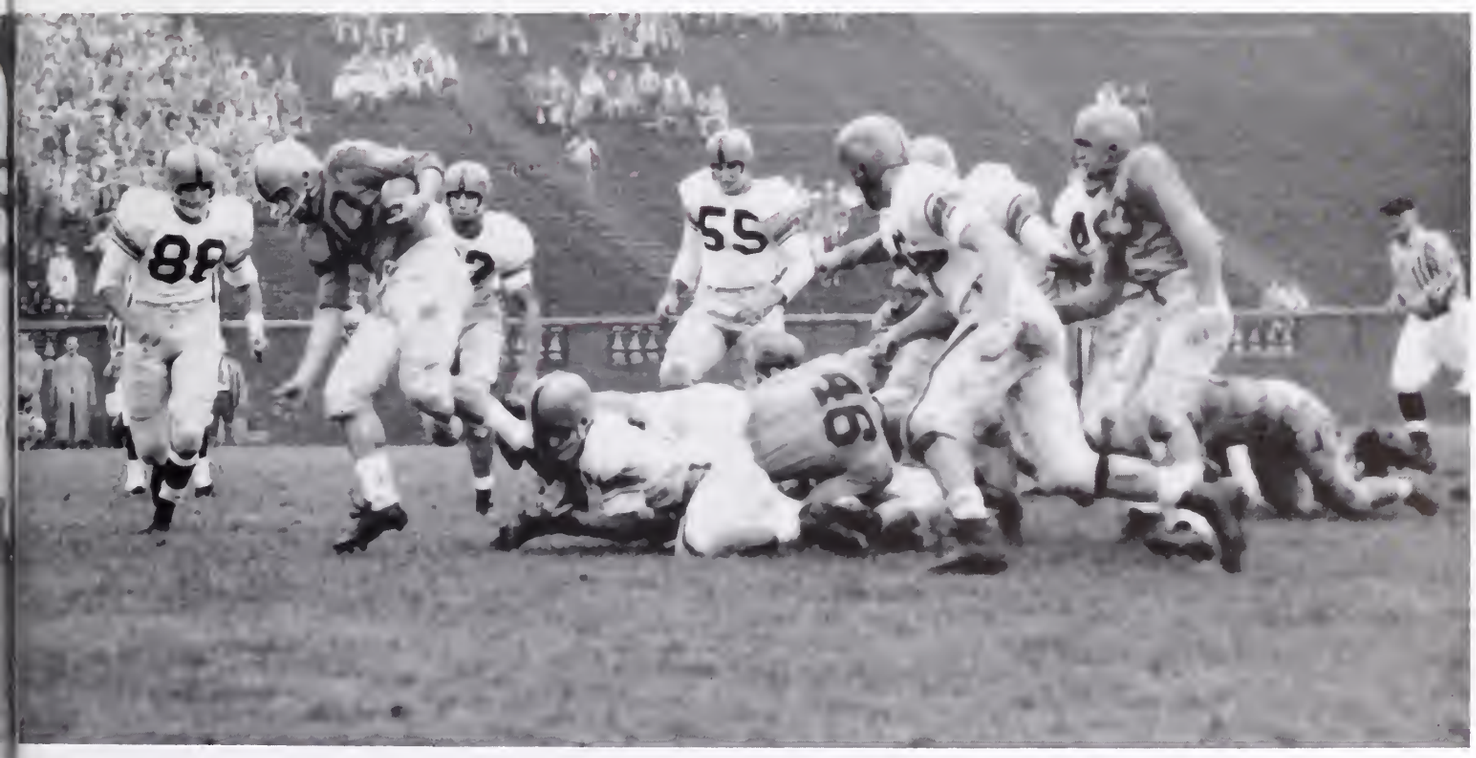
The second half was all Clemson's as they controlled the ball most of the time. Bulling their way from behind, Billy O'Dell crashed into pay dirt, and the Tigers went out in front again 12 to 7. King's kick was good.

Early in the final period the second Tiger eleven moved the ball 40 yards on six plays for the third TD. Coleman and Ankuta each gained 20 yards on three plays with Ankuta driving over from the seven. Bussey converted to wind up the scoring.

As the game ended, Virginia was trying desperately to score, but Barbary intercepted an aerial at the Tiger 20 and it was all over.

O'DELL slips through pile-up.

Cavaliers hault PAGLIEI after six-yard gain.



Bulldogs bite WELLS after short gain.

CLEMSON 26
GEORGIA 7

Rated as the underdog before kickoff time, the Tigers roared to a 26 to 7 victory over the Georgia Bulldogs. DON KING led the Tigers to a TD in every period behind a powerful Clemson line that manhandled the supposedly superior Bulldog forwards.

The Bengals took charge with the opening kickoff by driving to the Georgia 2-yard line before losing the ball on a fumble. Georgia was unable to move the ball and had to punt. This time the Tigers went all the way with KING passing to PAGLIEI who completed a 31-yard dash to score. KING'S P.A.T. was blocked and Clemson led 6-0. Early in the second period BUSSEY recovered a Bulldog fumble on the Georgia 19. KING passed to WELLS for a first down and BILLY O'DELL cracked over in two plays for the second Tiger score. KING missed the extra point and the score read 12-0.

Clemson kicked off to Georgia to start the third period. The Bulldogs were forced to punt and KING quickly led the Tigers to another score. BOWEN took a pass for 13 yards and LARAWAY another one for 28 yards. O'DELL climaxed the drive by cracking over for the third TD. BUSSEY made the P.A.T. and Clemson was in front 19 to 0.

In the fourth quarter Georgia recovered a fumble on the 30-yard line. Dick Young directed the Bulldogs to their only score in the game by passing to Roberts in the end zone. The conversion was good, making the score 19-7.

The Tigers took the kickoff and marched down the field to the Georgia 10, only to have a pass intercepted. Two plays later, WALT LARAWAY intercepted a Georgia pass and raced 5 yards for the final score. BUSSEY'S extra point was good, and the game ended 26-7.

O'DELL sneaks trough Georgia line for T.D.

CLEMSON 7
RICE 21

A Clemson team hampered by fumbles and untimely penalties was handed its first defeat of the season by JESS NEELY'S Rice Owls. Playing before 37,500 spectators, the Owls marched to a 21-6 victory.

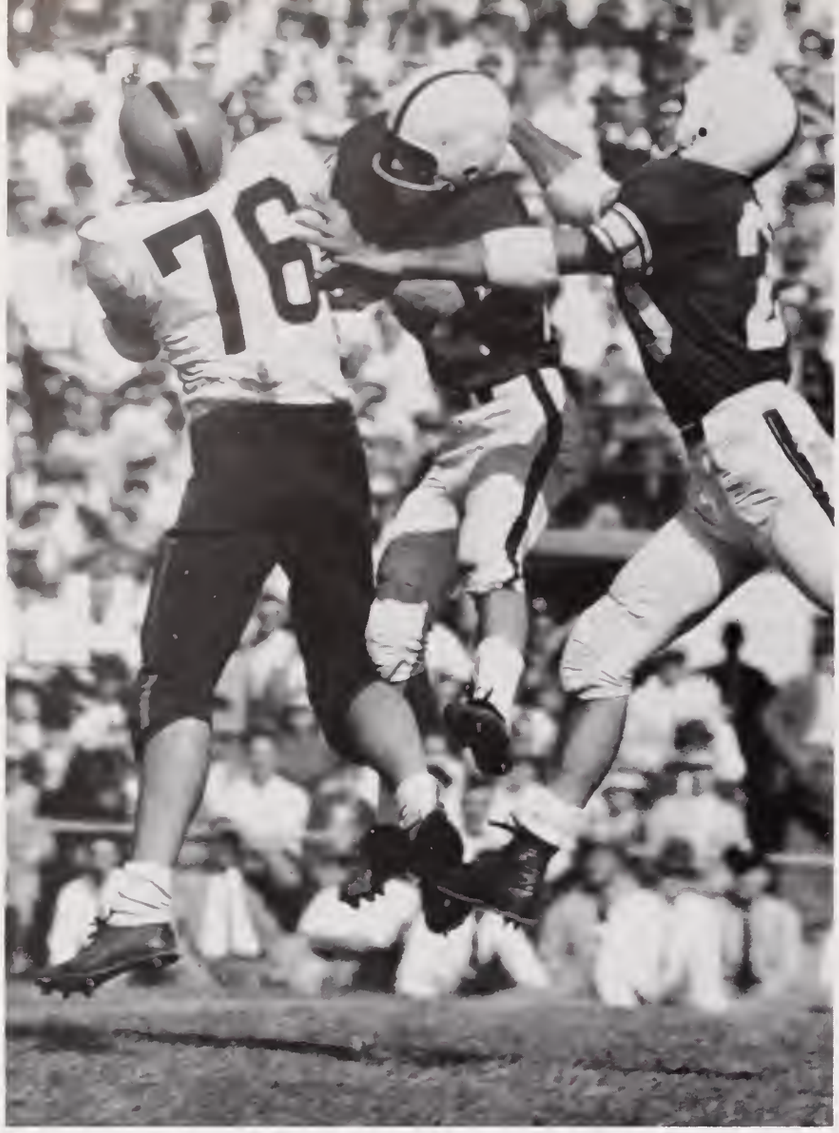
PAGLIEI took Hall's opening kickoff but a fumble two plays later gave Rice possession of the ball on the Tiger 34. On the sixth play following that break, a teammate took Hill's pass in the end zone for the TD. The conversion was good and the score stood 7-0 with only four minutes gone in the game.

Late in the second quarter, Rice punted on the fourth down. The officials gave Rice possession of the ball on Clemson's 45 without giving a penalty signal. Mutschink climaxed an Owl drive with a 28-yard sprint for their second touchdown. The half ended Clemson 0, Rice 14.

In the last half, O'DELL took BUSSEY'S pitch-out and bulled over to score from the one. This put Clemson back in the game but not for long. Throckmorton scored from the 28 giving Rice a 21-7 victory.

COLEMAN finds going rough in Rice line.

From here to eternity.



SMITH grabs BUSSEY'S pass and shakes loose for T.D.

CLEMSON 28
CAROLINA 14

The annual Big Thursday classic was a hard-fought, bruising display of football at its best as the Tigers roared over The Gamecocks by a score of 28 to 14. It was the first victory for Clemson over U. S. C. since 1948 and was a very convincing win for the powerful Tigers.

The first score came on a 55-yard pass from BUSSEY to WILLIE SMITH. BUSSEY'S extra point was perfect and the Tigers led 7 to 0. BUSSEY directed the Tigers for 63 yards and the second touchdown in the first quarter. JOEL WELLS threw the stands into bedlam as he weaved through U. S. C.'s defenders for 46 yards to set up a touchdown at the 4-yard line. From there PAGLIEI crashed over and BUSSEY calmly converted for a 14 to 0 lead.

The second quarter was a defensive battle, Carol McClain gave the Gamecock boosters reason to cheer as he took a punt from PAGLIEI and raced 84 yards before JOEL WELLS could bring him down. McClain's effort was in vain; the Tiger defense tightened and held to leave the score 14 to 0 at halftime.

Late in the third period the Gamecock offense clicked as it moved from its 27-yard line to the Clemson 15. From that point McClain sprinted to pay dirt. Joe Silas converted making the score 21-7.

Carolina continued their show of offense in the last quarter with a touchdown and conversion making the score 21-14 with seven minutes remaining.

Carolina tried an on-sides kick to get possession of the ball, but Clemson recovered. WELLS, COLEMAN and O'DELL slashed through the Carolina line to the 1-yard stripe. KING sneaked over and converted to wind up the scoring 28-14.

PAGLIEI finds hole in GAMECOCK line for another TIGER score.

Don't lose your head, BUSSEY, it's only a football game.

CLEMSON 19
WAKE FOR. 13

The Clemson Tigers had their Halloween scare from the Demon Deacons of Wake Forest before an Iptay Day crowd of 20,000. The spectators saw the Bengals come clawing back to scratch out a hard-earned 19-13 victory.

The first break of the game came when Clemson fumbled in the second quarter. The Deacons were able to use this break for the only score of the first half. Carpenter bulleted a pass to Brewster for 18 yards. Then came the freak fourth down. Carpenter was calling a running play, on the Clemson 26 with 16 to go, when he took too much time and drew a five-yard penalty. He went into punt formtaion, with the ball on Clemson's 34, but the Tigers rushed off-sides and the Deacons got the five back. Carpenter connected with Whims for 18 yards and a Wake Forest first down. Parham scored on a wide pitchout.

The Tigers came roaring back with 12 points in the third period with PAGLIEI'S 16-yard TD romp and O'DELL'S plunge for two yards.

The Deacons used Console's wide stuff to move to the Tiger 10 and then completed a six-point pass to Brewster.

With their backs against the ropes, the Tigers roared 58 yards for a timely touchdown 2:20 minutes before the end of the game.

The Deacons tried desperately to come back but the fighting Tigers held and the clock ran out.

Move it out of the way, JOEL.

CLEMSON 21
V. P. I. 16

The fighting Clemson Tigers scratched out another gruelling victory as they defeated upset-minded Virginia Tech 21 to 16.

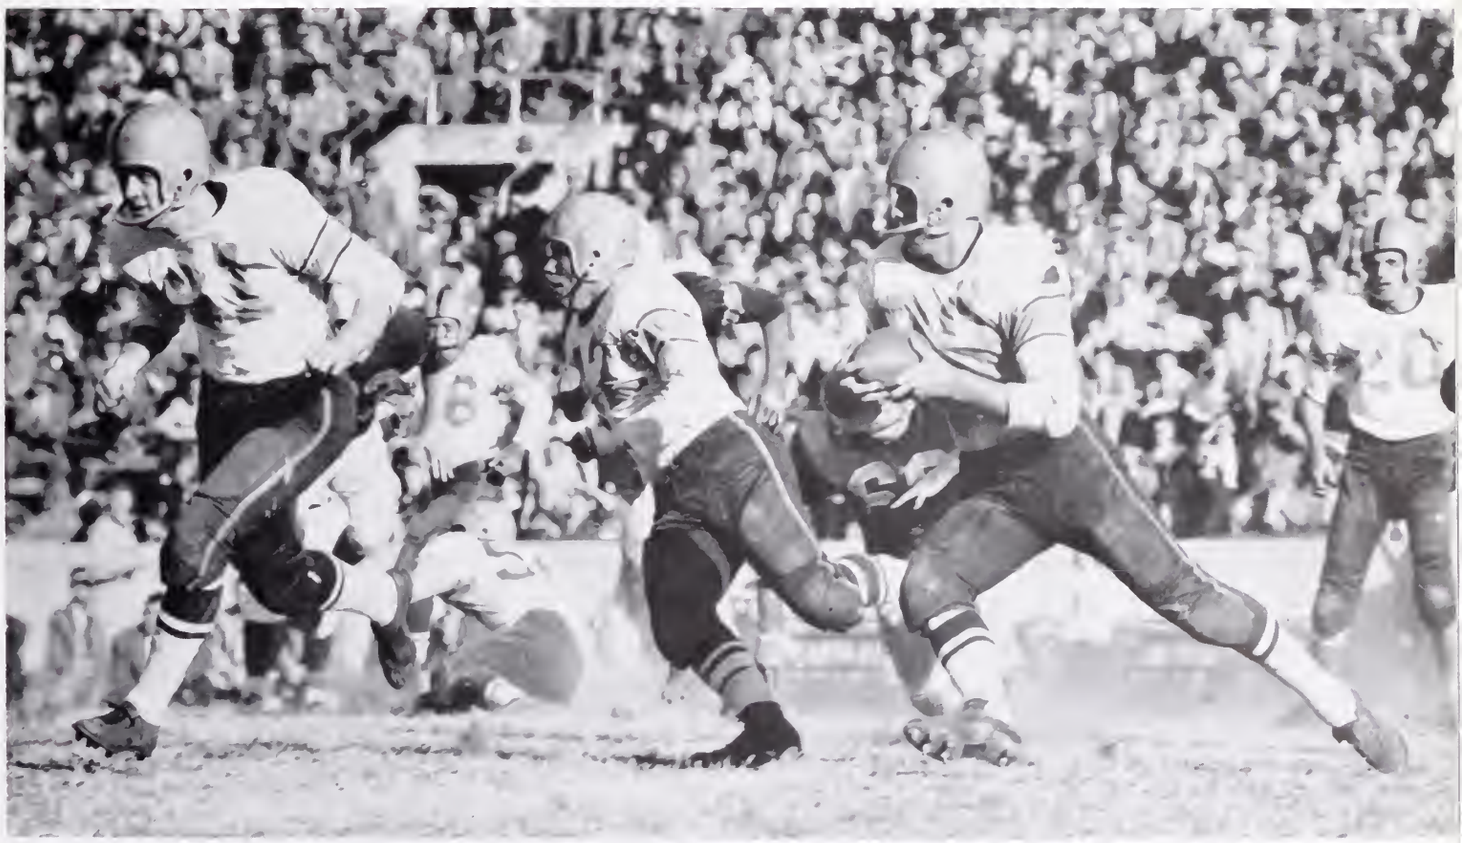
The first quarter was a deadlock until KING faked the Gobblers on a keep play and sprinted through the maroon jerseys for 34 yards and a TD. His point after touchdown try was good and the score stood Clemson 7, Virginia 0.

After an exchange of downs the Virginia team made its bid. Interference was called against Clemson when a V. P. I. pass receiver was tackled. Beard went through for a first down to the Tiger one. The Gobblers were piled up as 27 seconds remained. The Tigers held again on second down. England took a wide pitch-out and crossed the double stripes on the last play of the first half. The conversion was good which tied the game up 7-7.

With 8 minutes remaining in the third quarter, PAGLIEI took a wide pitch-out to the right, found blocking, dashed into the secondary, and cut back to find an open road ahead. He sprinted 51 yards for the second Tiger score. BUSSEY made the score 14-7 with the P.A.T.

Tech tied the score by completing a ten-yard touchdown pass; then went ahead after kicking a 15-yard field goal. The Tigers, however, were not through with the thrills. BUSSEY flipped to WELLS at midfield and Jolting JOEL gave a twisting, squirming run of 60 yards to score. The extra point was good and Clemson took the decision 21 to 16.

Believe it or not, KING got away.



Jolting JOEL moves out behind heavy blocking.

Maryland's VEREB escapes COLEMAN to score.

CLEMSON 12
MARYLAND 25

Clemson's finest hour was only 30 minutes in duration as the gallant Country Gentlemen outplayed one of the top football teams in the nation for two periods. The second half, however, spelled Orange Bowl for Maryland as they finally managed a 25-12 victory over the Tigers.

The Tigers took command of the game at the outset. They were an inspired team as they took the opening kickoff and drove to a touchdown in less than five minutes. The scoring play was a 14-yard pass by KING to end DALTON RIVERS. KING'S PAT was wide leaving the score 6-0. Late in the first period, the powerful running of WELLS, O'DELL and PAGLIEI carried Clemson to the Maryland 18 where an intercepted pass put a halt to the Tiger drive.

On the first play of the second quarter, WELLS electrified the thousands watching as he plunged through Maryland players for 50 yards and the second Clemson touchdown. Again the extra point was wide as the Tigers held to a 12-0 advantage. As the end of the second quarter was drawing to a close, Clemson found themselves in a hole after Maryland's Bill Walker dropped a punt dead on the Tiger one-yard line. PAGLIEI punted Clemson out of danger but a 15-yard penalty put the Tigers back in a hole with the Terps in possession of the ball. Maryland struck quickly to score. Healy spurted 24 and three plays later Vereb plunged over from the one. The PAT was missed and the Tigers led at halftime 12-6.

The story changed in the second half as Maryland came roaring back to score again with less than five minutes of the third period elapsed. The conversion was good and put the Terps in front 13-12.

Another Terp score spelled defeat for the tired but game Tigers. Final score: Maryland 25, Clemson 12.

KING plays it cool.

SANDUSKY and WELLS stage a wrestling match.

PAGLIEI moves against Plainsman.

CLEMSON 0
AUBURN 21

Auburn, who had never beaten Clemson in Ladd Stadium were looking for a bowl bid and things went sweet for the Plainsmen as they eyed the Cotton Bowl or the Sugar Bowl with a 21 to 0 victory over the Tigers.

Auburn's first score came via a 40-yard pass play in the first quarter. Bob James drove over from the three for their second score and Tubbs ran the belly-play over from the four for the last six points.

O'DELL gained 74 yards to pass the 1,000 mark in his college career, going to a total of 1,073. DICK MARAZZA and WINGO AVERY were the outstanding linesmen in the Clemson forward wall.

Whereas the Plainsmen had completely dominated play in the first half, Clemson picked themselves up and came back to outplay the black jerseyed Plainsmen. The Bengals moved 82 yards in the third quarter as KING directed a drive trying to get back in the ball game. After 17 plays had carried the ball to the Auburn one, an in-motion penalty stopped the Clemson surge. This was the first time the Tigers had failed to score since being blanketed by Maryland in 1954.

AVERY intercepts Auburn pass and sprints to the foe's 27.

CLEMSON 40
FURMAN 20

Clemson scored first against an aggressive Furman team and managed to tally twice as many TDs as the Hurricanes in a 40 to 20 victory. JOEL WELLS led the attact on Furman by setting an ACC rushing record with 175 yards in 24 carries.

It was WELLS who scampered 25 yards for the first score when the game was 9 minutes and 5 seconds old. The first quarter horn sounded as BOB SPOONER bulled his way 24 yards for the Tigers' second TD.

Furman came back with determination in the second period holding the ball on 22 of the quarter's 34 plays. The first Hurricane score came with 24 seconds remaining in the first half on a pass from Hoyle to Siminski. The score at halftime was 14 to 7.

Clemson wasted no time in getting back into the scoring column in the third quarter as the Tigers took the kickoff and in 11 plays traveled 72 yards with BILLY O'DELL going the final two yards for the score.

High scoring prevailed in the fourth quarter as the Tiger tallied three times and Furman tallied twice. On the first play from scrimmage in this quarter JOE PAGLIEI slipped over for the score. Furman returned the kickoff 71 yards to the Clemson 14. The Hurricane made the final yardage in four plays. The Bengals stormed back and in eight plays covered 69 yards for a tally which saw O'DELL going over, fumbling, and PAGLIEI recovering for the score.

Furman, not to be outdone, marched 75 yards for six points. Clemson scored once more when WELLS climaxed a drive with an 8-yard sprint to pay dirt.

Powerful Tiger line stops Furman cold.

Hi Ho, PAGLIEI, away!!!

FRESHMAN FOOTBALL

The 1955 Freshman Football team compiled a 2-1-2 record in downing N. C. State and Wake Forest, while losing to the powerful Georgia Tech freshmen and tieing U. S. C. and Duke.

The Cubs had their best outing of the year against Wake Forest as they bulled over the Deamon Deacons by a score of 41 to 19. Don Gilpin led the Tigers' scoring spree of the afternoon as he broke away on two 60-yard dashes and 12 points. The powerful frosh line held the Baby Deacons to minus rushing yardage and played superb ball in clearing a path for the fleet Cub backs.

Rudy Hayes was the mainstay of the Cubs' backfield all year but he received ample help from Mike Duke, Don Gilpin and Horace Turbeville.

In the forward wall, Earl Catoe, Buck Grover, Ronnie Grace, and Robert Gobble played outstanding ball the entire season.

front row: HAL KNOTT, JOURDAN BRAGG, DON MILLS, ROBERT GOBBLE, JACK SMITH, JOE MONROE, BILL HECHT, WALT UHLIG, RAY MASNERI, HOLMES GARRETT, JOHN CAPPA, STEVE RICHARDSON. second row: FLOYD LAWRENCE, JAMES MERCHANT, CABELL REESE, RUSSELL SPIVEY, PAUL SNIDER, MIKE DUKE, DON MEADOWS, LARRY BAGWELL, LARRY EDNIE, RONNIE GRACE, WAYNE GEMAS, JIM SINGLETON. third row: HORACE TURBERVILLE, EARL CATOE, GEORGE TUPPER, BUTCH COKER, TOMMY GRESSETTE, LOUIS OLSON, GARFIELD COBB, GINO BUSHER, TOMMY McTEER, KEN LEE, MARTIN GWINN, JIM QUERY, RONALD MATENKOSKI, LARRY RUDIN, RUDY HAYES.

CLEMSON QUINTET

The 1955-56 Clemson basketball team will go down in memories as the team that rewrote the record books. The Tigers, the most improved team in the conference, have been tagged as the team to watch next year in the A. C. C.

The Tigers proved to be a headache all season to the top teams in the conference as they piled up points to become the leading offensive team in the A. C. C. Dropping many games by a very few points made the overall record of nine wins against seventeen losses look bad. Actually the Tigers experienced a much better season than that of the previous year and great things are expected of the sophomore dominated squad next year.

Coach BANKS McFADDEN can find nothing wrong with the Clemson offense, but states that stress will be given next year to defensive measures. This is the only department in which the Tigers lacked strength and with improvement they can come from the bottom of the conference to the top in a single year.

The loss of Captain BILLY YARBOROUGH will be felt by the team. YARBOROUGH ended his illustrious career at Clemson holding 19 school records and being tied for another. His shoes will be filled by such boys as high scoring VINCE YOCKEL, TOM CAMERON, and GENE SEAY. DICK YEARY, a superb ball handler, will again fall into the role as play maker and is also capable of scoring in the double figures. ED BRINKLEY, another rising junior, showed great improvement over the season as a rebounding and high point man. Other seniors who will be missed are BILL RISER, TOMMY SMITH, BRUCE HOLZSCHUH, and "DOC" MORGAN.

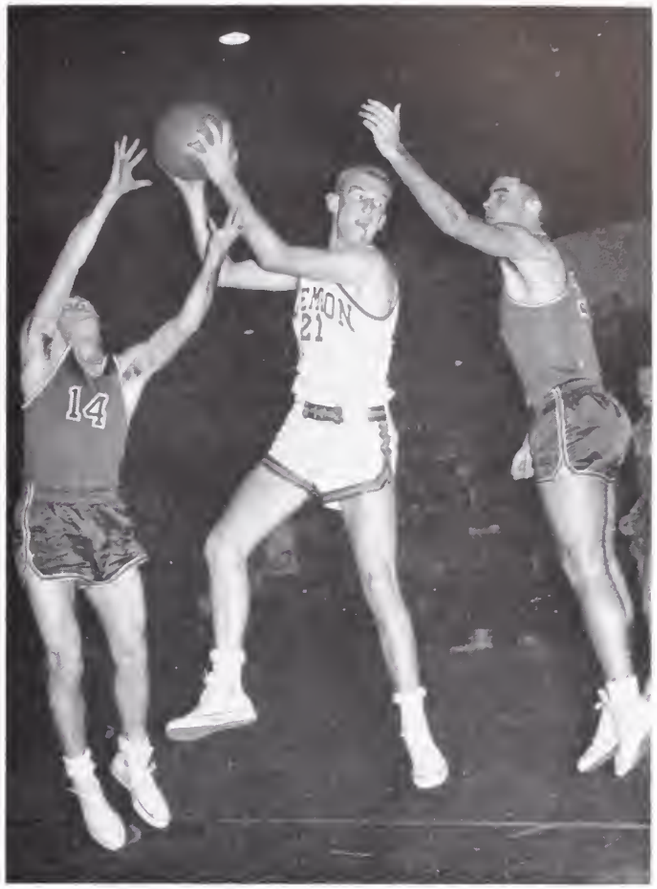
Hands off, it's mine.



Don't bite him, MORGAN, he's bigger than you.

Wonder who will get the rebound?

Close your mouth, TOM, you might catch a bug.

BRUCE puts it in the hole for a change.

Big ED BRINKLEY scores for Tigers.

FRESHMAN BASKETBALL

The Clemson freshman basketball players completed their 1955-56 season with a 9-6 record. They piled up 1,312 points while their opponents scored only 1,002.

LEROY PARNELL had a total of 227 points with an average of 16.2 points per game. He was followed by DOUG DAIGNEAULT who had 189 points for a 15.1 average.

FRED DeBERRY and LUTHER RHODES, rebounding specialists, controlled the backboards, while CRAIG HOFFMAN, clever ball-handler, spearheaded most of the drives.

NORMAN CARTER, WALTER ALEWINE, and ROBERT LINDSEY are first line reserves who show promise for the future.

JOHNNY WELLS drops in two for the Tiger Cubs against Spartanburg Junior College.

front row, left to right: GARRET, PARNELL, SMITH, ALEWINE, HOFFMAN, WELLS, DeBERRY, DAIGNEAULT, RODGERS. back row: HELTON, RHODES, LINDSAY, RODGERS, DUNN, HOLSTEIN, CARTER, ANDERSON.

TRACK

Clemson's 1955 track team compiled a 4-3 dual meet record in becoming only the second varsity sport to finish the .500 mark during the college year.

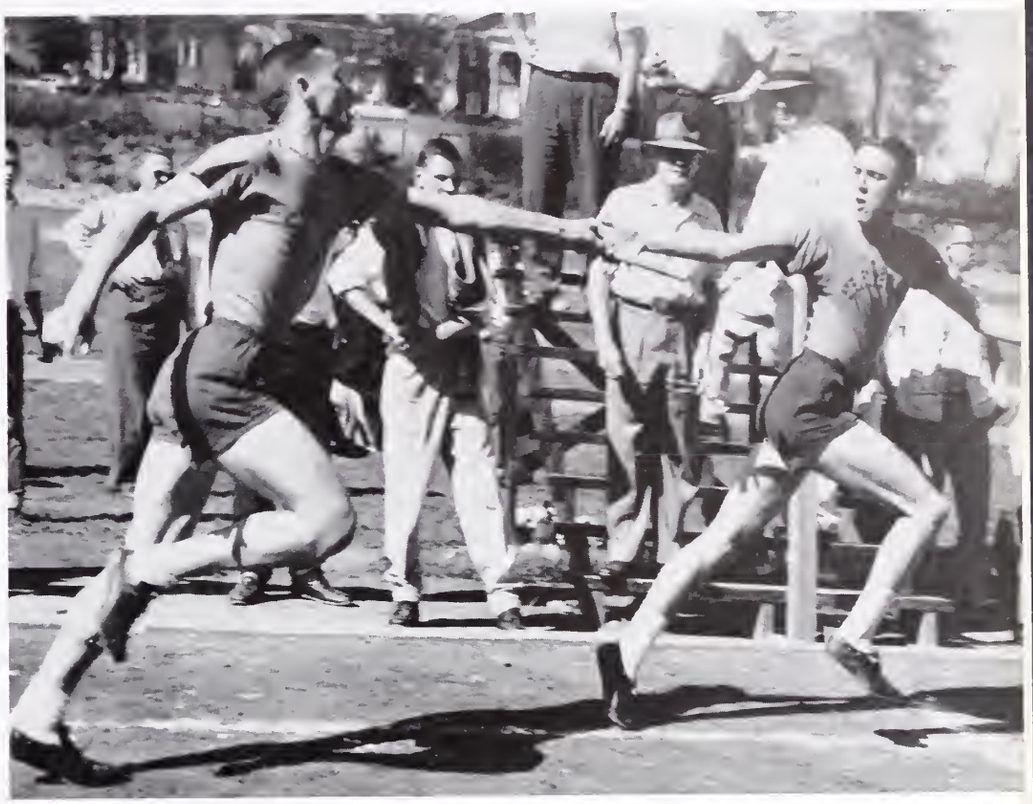
MYLES CARTER, the Tiger star miler and 880 man, won first place in the mile and placed second in the 880 during the State meet. JOE BOWEN took first place in both hurdle events. Other first places in the State meet were: MITCHELL in the high jump, KIRBY in the shot put, and METZ in the pole vault.

The Tigers compiled victories over Wake Forest, N. C. State, P. C. and Furman; dropped a 66-65 meet to Georgia and lost decisively to U. S. C. and Davidson.

COACH "ROCK" NORMAN is looking forward to a better season with the aid of some fine prospects from the unbeaten freshman team.

CECIL KIRBY takes top honors with perfect form in the discus throw.

FLOYD and SMITH finish far ahead of competition in the 100-yard dash.



Not so fast, MAJOR, STONE is tired.

MILES CARTER gives it all he has in winning another mile run.

Stand by HERMAN, it's easy to break a leg doing this.

Tiger's BOWEN, DURHAM and MASON take clean sweep in low hurdles.

BASEBALL

Clemson's defending A. C. C. champion baseball team experienced a disappointing season by winning seven and losing 11.

LEONARD HUMPHRIES, the big gun on the mound, pitched a two-run victory over Duke and handed a three-hit verdict to Virginia by the score of three to two.

JIM COLEMAN, who was tops at the plate, finished the season with a batting average of .423.

COACH SMITH is looking forward to a more successful season next year with the mound ability of JOHN DRAKE, BILL TRADO, and the hitting power of LARRY WILSON.

MINOR "C" CLUB

The Minor "C" Club, one of the leading organizations on the campus, was developed to promote interest in the minor sports at Clemson. Since it was first organized, there has been a vast improvement in all of the minor sports. This group includes boys who have lettered in Golf, Tennis, Swimming, Rifle, and Cheerleading. The great success of the club has brought about the merger of the Minor "C" Club and the Block "C" Club. Beginning next year, there will no longer be a Minor "C" Club, and all of the boys who letter in the so-called minor sports will receive a block "C" instead.

This move should do much to improve these sports at Clemson and we take our hats off to the boys who worked to bring it about.

Minor "C" boys relax just before meeting.

SWIMMING TEAM

The 1955 Clemson swimming team experienced a disappointing season in winning only four out of 11 meets they had. The tanksters, who were hampered by the loss of several outstanding men from last season's State Champion team, met with rigid opposition all season. They gave very good showings on most occasions as they met defeat several times by very small margins.

The top point men for the Tigers were DICK CARTER, MAC HENDEE and LOUIS ACKERMAN.

GOLF

The 1955 golf team ended the season with a 6-7-2 record. The linksmen's ace, LEONARD YAUN, who has held the state Collegiate Championship for the last three years, finished twelfth in the ACC meet and twelfth in the Southern Intercollegiate Tournament. Captain BILL JOHNSON, JOHN WOODARD and BOBBY AGNEW were the other sparks for the team.

The Tigers continued to improve over last year's team as they captured two victories from P. C. and Wofford and scored other victories over N. C. State and The Citadel.

WOODARD gets off long drive for Tigers.

TENNIS

Clemson netters had a disappointing 5-10 season this year but showed great improvement in the last few matches.

The Tigers defeated Erskine (twice), Wake Forest, The Citadel, split even with Furman, and lost to Cornell, Virginia, Maryland, South Carolina (twice), and N. C. State.

Coach SLOAN hopes to have a better season next year as more attention is being given to minor sports by the Clemson Athletic Association.

Close on the heels of the completion of the third unit at Urquhart Station came the announcement of still another big producer of electric power. Still unnamed, the new station is under construction; the first unit, 137,500 kw. in capability, is expected to be ready in mid-1958. Here is more concrete evidence of SCEGCO's confidence in the continued progress of South Carolina and the 23-county area it serves. Abundant low-cost power will always be available.
